Institute of the International Association for Research and Testing in the Field of Textile Ecology

The company
Joint Stock Company TIROTEX
October Industrial Unit
3300 Tiraspol, MOLDOVA

is granted authorization according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our test report 13.HRU.19919

CONFIDENCE IN TEXTILES

Tested for harmful substances according to Oeko-Tex® Standard 100
13.HRU.19919 Hohenstein

for the following articles:
Ball caps, ball shirts, pillow cases, quilt covers, curtains, table linen, tablecloths, napkins, towels, place mats, table runners, household garments (aprons, trousers, coats, night gowns, dresses), professional attire (blouses, patients gowns, nurses robes, surgical caps and gowns, pants, medical aprons, head dress made of 100% cotton, woven fabric, white, reusable and garment dyed (in colour past, white past, dark blue and black) as well as coated (impregnated and treated) fabrics, knitted fabrics, knitted and crocheted goods.

The results of the inspection made according to Oeko-Tex® Standard 100, product class I have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for baby articles.

The certified articles fulfil the requirements of Annex XVII of REACH (not the use of azo-dyes, nitrosol, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA), with the exception of accessories made from glass.

The holder of the certificate, who has issued a conformity declaration according to ISO 17001, is a member of companies to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

This authorization is valid until 31.03.2014
Expire date: 31.03.2014
